Re: Certification of Dr. Vaseem Chengazi as Authorized User

Dear Mr. Sutika:

The University of Rochester/Strong Memorial Hospital holds a medical/academic broadscope radioactive materials license (No. 436) issued by the New York State Department of Health, Bureau of Environmental Radiation Protection. Under the provisions of this license, the University is empowered to review the credentials of and certify individuals as authorized users. Because of this internal review process, authorized users do not appear on the radioactive materials license.

By this letter, the University of Rochester/Strong Memorial Hospital attests that Vaseem Chengazi, M.D., Ph.D., is an Authorized User as defined in New York State Department of Health Regulations, 10 NYCRR Part 16, for the following procedures:

- Diagnostic procedures uptake, dilution, and excretion studies
- Diagnostic procedures imaging and localization studies
- > Therapeutic procedures radiopharmaceutical administration

Attached is a copy of Dr. Chengazi's internal authorization form.

If you have any further questions on this matter, please contact me at 585-275-1473.

I attest that the above is time. What was

Sincerely,

Thomas L. Morgan, Ph.D., CHP

Radiation Safety Officer
