

**19.6 Measurement Against Goals**

The information in this section of the reference ABWR DCD, including all subsections and tables, is incorporated by reference with the following departure.

STD DEP Admin

**19.6.5 Reliable Heat Removal to Reduce Probability of Containment Failure**

*Finally, as noted in Subsection ~~19.6.3~~ 19.D.5.2 Accident Classes. (2) Class II, there is a substantial amount of time available during which the above heat removal systems might be repaired if they had initially failed. This time effectively increases the reliability of these systems.*
