Subject: EnergySolutions Import License Application IW023

Dear Sirs,

I would like to express my concern and dissatisfaction with the application to import radioactive waste from other countries to be brought it and dumped in Tennessee.

As a Tennessean, I DO NOT want this waste in my state!
As an American, I DO NOT want this waste in our country!

Other countries need to find a way to manage their own waste, just as we do. Proper management is NOT to dump it onto another country!

Regardless of the financial enticement that must accompany this request, there is NO amount of money that would make this a reasonable, much less a good idea.

I am formally petitioning you to deny this request!
Stand up for our country, our citizens and our land!
SAY NO!!!
We do not want to bear the responsibility of managing nuclear waste from other countries!!!

Please support the legislation that has been introduced that would ban the importation of foreign nuclear waste.

Thank you for your time and consideration!

Most Sincerely,

Ms. Angel Skinner
