Deputy Director Office of International Programs U.S. Nuclear Regulatory Commission 11555 Rockville Pike Rockville, Maryland 20555

Attached is a license application for export of Zirconium Trex tubes to Northwest Zircocladding in China. I have included a check for \$8100, an end use statement, a nuclear suppliers certification statement, and a BIS-711 form.

Please let me know if you have questions or need additional information. You can reach me by phone at 541-917-6712, email to <u>sheila.pershall@wahchang.com</u>, or by fax to 541-967-6990.

Sincerely,

huja Pershall

NUCLEAR SUPPLIERS GROUP ('ERTIFICATION STATEMENT

We hereby certify that the items to be exported or replicas thereof ("Replicas" refers to items produced abroad based on physical examination of the item originally exported, matching it in all critical design and performance parameters), will not be used in:

- Any nuclear explosive activities, including research on or development design, manufacture, construction, testing or maintenance of any nuclear explosive device, or components or subsystems of such a device;
- 2. Unsafeguarded nuclear activities including research on, or development design, manufacture, construction, operation, or the maintenance of any nuclear reactor, critical facility, facility for the fabrication of nuclear fuel, facility for the conversion of nuclear material from one chemical form to another, or separate storage installation, where there is no obligation to accept International Atomic Euergy Agency (IAEA) sufeguards at the relevant facility or installation when it contains any source or special fissionable material (regardless of whether or not it contains such material at the time of export), or where any such obligation is not met; or
- 3. Safeguarded und unsafeguarded meleur fuel cyclo activities, including research on or development, design, manufacture, construction, operation or maintenance of any of the following facilities, or components for such fucilities:
 - 1. Facilities for the chemical processing of irradiated special nuclear of source material:
 - 11. Facilities for the production of heavy water;
 - III. Facilities for the separation of isotopes of source and special nuclear material; or
 - 1V. Facilities for the fabrication of nuclear reactor fuel containing Plutonium.

That written authorization will be obtained from the Burcau of Export Administration prior to recxporting the items, unless they are destined to Canada or would be eligible for export from the United States to a new country of destination under NLR (No License Required) based on country chart under NP column 1 (Export Administration Regulations Supplement No. 1 to part 738).

End-user and End-use Statement

US Wah Chang

Base on the contract of Zirconium Product signed by and between Wah Chang and Northwest Zircocladding Co., 1.td. we hereby state as follow:

1) The end-user of Zirconium-4 TREX is <u>Northwest Zircocladding Co., Ltd.</u>, located in <u>Baoji Shannxi</u>, P. R. China.

2) The end-use of Zirconium-4 TREX is used to fabricate fuel bundles for Qinshan Nuclear Power Station-Phase 1.

3) <u>Northwest Zircocladding Co., Ltd.</u> guarantee that Zirconium-4 TREX shall not be re-exported from China either in its present form or after being commingled or incorporated into another project.

Buyer: Northwest Zircocladding Co., Ltd.
