SUBJECT: DRAFT REVISION 1 [REDACTED] GUIDANCE DOCUMENT

Dear Ms. Moore:

As discussed during the meeting on March 25, 2004, a draft revision of the Nuclear Regulatory Commission (NRC) guidance on implementation of the April 2003, revised [REDACTED] [REDACTED] for Category-1 fuel cycle facilities is enclosed for your use. The purpose of [REDACTED] guidance is to provide additional clarification of certain details [REDACTED] to support your response to the April 29, 2003, Order modifying your license [REDACTED]

Your response to the [REDACTED] Order, due on April 29, 2004, will provide your plans for complying with the Order by October 29, 2004. If you identify necessary actions that conflict with requirements [REDACTED] during this implementation period, you must request and receive relief from the [REDACTED] Order. Requests for relief from the [REDACTED] Order must demonstrate good cause and may be submitted with your revised plans. However, a request for relief should only be submitted if you determine that relief is necessary [REDACTED] [REDACTED]. You should be aware that our priority is to review your revised plans and, therefore, resource constraints may impact the expedited processing of relief requests.

If you have any questions concerning the revised guidance, please feel free to contact me at (301) 415-8098 or by e-mail at jao@nrc.gov.
