Subject: RE: Follow Up RAIs on Structures

Mike,

I will arrange for a telecon for Thursday or Monday re the follow up RAIs on structures. I will send you the draft telecon summary before the next phone call.

With regard to the telecon on the operating experience draft RAIs, Jim Davis is not in today, so I'll try to set something up for tomorrow. I still need to coordinate with BNL on the time.

I also sent you 2 draft RAIs a little bit ago--any thoughts on a telecon for those?

Kim

Kim,

We would like to have a follow-up call on these RAIs. Please setup a time anytime Thursday or next Monday. We will be off on Friday.

Thanks
Mike

Subject: Follow Up RAIs on Structures

Mike and Donna,

Attached are draft follow up RAIs on structures. These follow up questions are based on a review of Entergy's responses dated February 27, 2008, and as discussed in a telephone conference held on April 16, 2008. Please let me know if you need a telecon to obtain clarification. If not, I will send the RAIs formally. Please note that I am referring to the RAIs in parentheses as "Follow Up." The purpose for doing so is solely for tracking. Also note that D-RAI 2.4.2-2 is the new RAI that was briefly discussed during the telecon. Please let me know if you have any questions.

Thanks.

Kimberly Green
