Mike,

I will check the availability of the staff and contractor and then get back to you with telecon information. I have a list of the specific CRs that are of interest. We omitted them from the RAI to preclude their docketing. Please let me know if you need to know which CRs are of interest to the technical reviewers.

Thanks,
Kim

Mike and Donna,

Attached are draft requests for additional information related to the Indian Point license renewal application. Please review and let me know when Entergy is available to discuss. The purpose of the telecon will be to obtain clarification on the staff's questions.

Please let me know if you have any questions.
