Dear Mr. Collins,

The sealed source that is currently licensed to me for use in the VACIS is no longer in use. The entire unit has been stored in a secured location. It is tested weekly for leaks. There have been no leaks detected.

Please convert this unit over to a "storage only" status. We are working with the original manufacturer to sell the complete unit and source to an eligible customer in accordance with NRC Regulations.

Should you have any questions please feel free to contact me at 202-228-4646.

Respectfully, *Signature:*
