SUBJECT: CAPITAL CARDIOLOGY CONSULTANTS, P.C., ACCEPTANCE OF
NOTIFICATION, AMENDMENT NOT NEEDED, CONTROL NO. 142335

Dear Dr. Quash:

10 CFR 35.13(d) states, in part, that a licensee shall apply and must receive a license amendment before it receives a different radionuclide than is authorized on the license. Your letter dated April 21, 2008, requested that addition to your license of Cobalt-57 reference sources. These sources are already authorized for use under your license under the regulations in 10 CFR 35.65(a) or (b), thus your letter is accepted as notification that you possess and use the above reference sources and an amendment for these types of sources is not required.

Your cooperation is appreciated.

Sincerely,

Original signed by Steven Courtemanche
