Dear Mr. Reber:

Pursuant to our discussion of 23 November 1993, please be assured that the only Defense National Stockpile Center licensable material used, stored, and transported at the Voorheesville was that material outlined in our 24 April 1992 letter requesting that the Voorheesville facility be released for unrestricted use.

As noted in this letter of the 24th of April, the licensed material is now at our licensed facility in Scotia, NY.

Should you have any questions or require additional information please feel free to contact me on 703-607-3227.
