Summary: I left a message with the receptionist for Mr. Blas to contact me regarding possible renewal of the NRC license.

11:00 Mr. Blas returned my call. He stated that he did not realize that their license was nearing expiration and asked why he had not received any notification from the NRC. I informed him that notification of expiring licenses came from Headquarters and it seems as though the practice has been discontinued. I asked Mr. Blas which states he performed work in outside of New York. He stated that the company occasionally came into Pennsylvania to do work. I told Mr. Blas that the Commonwealth was an Agreement State as of march 31, 2008. If his company wanted to perform reciprocity work in the Commonwealth, it could be done under the New York State license but he would have to work with contacts within Pennsylvania rather than the NRC. Mr. Blas stated that he would be submitting a request to terminate the license since the reason for the license no longer existed.
