I sent you an email this morning. Please provide me the ML number of the ER that is publicly available and went under the SUNSI review. The DVDs should also be the same. We don't want to send a copy of what we received from the applicant we want to send what we (NRC) determined to be the publicly available version which is the version after the SUNSI was complete. We want to make sure that the SUNSI info is not accidentally sent so be sure that the DVDs do not contain this info. Also Linda once I have the ML number and the number of copies you need I will run it down to the Repro folks. I need to do the same for North Anna and CC so it is not a problem for me to request yours also since I need to go down anyway. Thanks Laura

Richard,

I have the DVDs already. Please let me know when the color copy of the ER is ready so I can mail everything to the library together. Thank you.

Linda

Linda, as far as having a hardcopy of the ER available at the Gaffney Library, Laura has put in a request with Pubs here to color copy the ER from the publicly available webpage. We can mail this to the library as well as a dvd, next week. Have a great weekend!
