Linda,

The only places would be mall parking areas that would not be secure overnight. It may be best to drop them at the hotel even though it will take some extra time to drive downtown from I-85 and get back out to interstate.

Thanks,

Dale

Dale,

I was speaking with Ted about possible places to leave "extra" vehicles during the alternative site visits on Monday. Ted said you might know of places west of Charlotte that have park and rides. Right now it's looking like we might need to drop the extra cars at the hotel (Dunhill) where we are staying. It's only a few blocks from Duke Energy. What are your suggestions? Ted said you might be more familiar with places since you live out west. Thanks.
