Subject: Amendment request

David:

I will be processing your amendment request dated April 17, 2008 for the company name change and to change the RSO from Mr. Crnich to you. To complete the RSO name change I need to receive from you a copy of your training certificate as a portable nuclear gauge user OR copy of training certificate as Radiation Safety Officer. Either of these documents will qualify you to be named on the license as RSO. If you don't have the training certificate you will have to request that someone else be named RSO on the license until you get trained. You can provide your response via email to me as a pdf file. Thank you.
