COMMENT RE: License Applications Nos. IW023 and XW013 (Federal Register Volume 73, Number 28, 2/11/08)

Many of us are fully aware of the increased burden of ionizing radionuclides that are leaked out of any kind of nuclear power and processing plants.

Allowing importation of foreign nuclear waste into my home state by the EnergySolutions company is the equivalent of allowing a transparent "Trojan Horse" in so the radionuclides therein can sneak out and weaken, sicken and kill us. DO NOT DO IT !!!

Besides EnergySolutions is not a Tennessee company. They don't give a flip what their business does to us Tennesseans; they just want an easy way to get paid a lot of money.
