Dear Mr. Schneider:

We have completed our review of General Motor's revised Decommissioning Plan and Cost Estimate for NRC License Number 21-00016-04 dated March 11, 2005, and additional information received by our office on May 11, 2007. Currently we hold decommissioning financial assurance for the above mentioned NRC license in the amount of \$155,440 in the form of a Letter of Credit. The revised estimate dated March 11, 2005, is in the amount of \$133,206. Within the scope of our review, the revised cost estimate was found to be acceptable

Please note that we will continue to hold the Letter of Credit in the amount of \$155,440 for financial assurance. If you wish to modify the Letter of Credit to reflect the revised dollar value of \$133,206, you must submit an amended Letter of Credit for our review.

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this letter will be available electronically for public inspection in the NRC Public Document Room or from the Publicly Available Records (PARS) component of NRC's document system (ADAMS). The NRC's document system is accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html>.

If you have any questions, please contact Kevin Null of my staff at (630) 829-9854.

Sincerely,

/RA/
