Letter of Intent to Submit Renewal of Advanced Boiling Water Reactor Certification

Reference: Letter to US Nuclear Regulatory Commission Document Control Desk from Steve Winn, Chief Executive Officer, Nuclear Innovation North America dated December 3, 2008

This is an update to referenced December 3, 2008 letter on this subject.

Nuclear Innovation North America, a 50% owner and applicant for STP Units 3 & 4, wishes to inform the Nuclear Regulatory Commission of their intention to submit an application for renewal of the Advanced Boiling Water Reactor Design Certification in accordance with 10 CFR 52.57.

The application will include the updates and revisions consistent with the South Texas Project Units 3 & 4 Combined License Application. This renewal application will be developed with the support of our team at Toshiba and the STP Nuclear Operating Company. It is our intent to submit the application by mid 2010.

If there are any questions regarding our plans, please contact me at (212) 210-6578 or Mark McBurnett at STP Nuclear Operating Company (361) 972-7206.

Mr. Steve Winn
Chief Executive Officer
