Input for EDO Briefing Package, for EDO Drop-in Visit to oyster Creek on Dec 16.

A License Renewal Commitments Inspection was performed at Oyster Creek during the refueling outage in November 2008. Several commitment implementation issues were identified. The NRC staff has not finalized its characterization of these issues, and has not held an exit meeting with the licensee.

let's see of Dr. Ron and Rich Conte like this version.
Also can use this for the RA Briefing package, for Friday's Exelon Drop-in Visit.
