Dear Sir

My name is [REDACTED], and I am employed by Ameren at the Callaway Nuclear Plant. In the April of 2006 I brought a safety concern regarding the operation of the Callaway Plant to Region IV of the US Nuclear Regulatory Commission. The NRC has tracked my concerns as "Allegation No. RIV-2006-A-0033."

The purpose of this letter is to authorize both Mr. Pete Stockton of POGO and Mr. Dave Lochbaum of the Union of Concerned Scientists to discuss Allegation RIV-2006-A-0033 with the Nuclear Regulatory Commission. In more general terms, I am authorizing any other individuals of POGO and the UCS to discuss this allegation (RIV-2006-A-0033) with the NRC as well.

Sincerely

[REDACTED]

cc: Dave Lochbaum, UCS
