Eric,

I need to understand what you are trying to do. What is the source of information? I am a lead PM for Fermi and Jerry Hale is helping me. We will help you to figure it out what we should do. Please call me at 415-3025 and we can discuss in person. I need to know some information before we can decide how to put in docket.

Thanks,
Chandu

Attached are the updated state and local plans for Fermi 3 along with the recently received Ohio state emergency response plan that needs to be added to the docket. Please let me know if one of you is the right person to give this information to, or is there a process that I can do it myself.

The rest of the files will follow in a second e-mail as all together is too much for one e-mail
