Docket Nos. 52-012 and 52-013
Follow-up Information to WCAP-17058

Reference: Letter Number U7-C-STP-NRC-090067, Mark McBurnett to NRC Document Control Desk, "Implementation of ABWR Methodology Using GOTHIC for STP 3 and 4 Containment Design Analyses," WCAP-17058-P, dated June 30, 2009.

On June 30, STPNOC transmitted the referenced topical report to provide a revised containment analysis for STP Units 3 and 4 using the GOTHIC computer code. As a result of the NRC audit on the containment pressure/temperature analysis on July 7, 2009, and to facilitate NRC review of this referenced report, STPNOC is attaching two identical, proprietary compact discs (CDs) entitled "ABWR Containment Pressure/Temperature Input and Results Data for Comparison with NRC Confirmatory Analysis Model." These CDs are not in a format that meets pre-flight requirements. Attachment 1 summarizes the information provided on each of the CDs.

The compact discs being submitted with this letter are submitted for use by the NRC solely in connection with NRC review of Westinghouse proprietary WCAP-17058-P. Since these files are proprietary in their entirety, no non-proprietary versions will be provided. The NRC may not use these CD's for any other purpose, and may not make copies of these CD's. The information on the CD's may not be made available in the Public Document Room (PDR) or in the Agency Document Access and Management Systems (ADAMS), either externally or internally. Upon completion of NRC review of WCAP-17058-P, proprietary information from, or derived from, the CD's should be irretrievably deleted from any computer outside the control of Westinghouse. Attachment 2 contains the application for withholding of proprietary information and affidavit in accordance with 10 CFR 2.390. Correspondence with respect to the copyright or proprietary aspects of the items listed above or the supporting Westinghouse Affidavit should reference letter CAW-09-2641 and should be addressed to: B. F. Maurer, Manager, ABWR Licensing, Westinghouse Electric Company LLC, P.O. Box 355, Pittsburgh, Pennsylvania 15230-0355.

There are no commitments in this letter.

If you have any questions other than those relating to proprietary aspects of this response, please contact me at (361) 972-7136, or Bill Mookhoek at (361) 972-7274. If the information in this letter becomes separated from the cover page, the page is no longer proprietary.

I declare under penalty of perjury that the foregoing is true and correct.
