Mr. Sierra, RSO:

NRC has received a letter from Mr. Mark Ficek dated March 31, 2009 requesting to a new field station in Billings, Montana. This amendment also requests to add topics to the license (see attachment). Please submit the following information in support of this license amendment request.

1. Provide the information described in pages 8-15 through 8-19 of NUREG-1556, Volume 2 (see attached) applicable to field stations (facility description, diagram, etc.). Include description of security measures for the field station.
2. As required by the NRC order, submit updated operating and emergency procedures that include the topics listed in the NRC order (also listed in amendment request letter dated March 31, 2009). This information is currently overdue and was required by the order to be submitted to the NRC by April 3, 2009.

Please note that NRC processes amendment requests within 90 days of receipt. Please note our new mailing address:
