Name of Licensee: Advex Corporation
Name of Participant(s): George Hill & Sattar Lodhi
Telephone No. 757 865 0920
Subject: Radiation Safety Officer
(NOTE: This will be used as the Documents Title in ADAMS)

The licensee sent a letter requesting that its previous letter be disregarded and submitted the name of another individual (Daniel Combs) to be listed as RSO on its license. The letter included copies of the individual's certification by ASNT and by the Department of the Navy. The letter also stated that the individual was employed by Si-Tech, another radiography licensee. However, the letter did not indicate whether the individual was listed as RSO on Si-Tech's license or whether he has had the required experience as radiographer. I called the licensee (Paul Rice) to verify the above listed items. Paul stated that he did not have all of the requested information and provided me with the name and phone number of Bobby Dennis of Si-Tech (757 545 2553), who could provide me with the information I was seeking.

I called Bobby to discuss the Daniel Combs' status at Si-Tech. He stated that the individual was not listed on their license as RSO but he has had a long experience as radiographer and that he had written to State of Virginia certifying that he met all the requirements to be RSO on a radiographer's license. I requested that he send us a copy of the letter that he sent to State of Virginia.

He will fax a copy of the letter soon.
