Gentlemen:

This is to certify in accordance with the provisions of Section 401 (a) (1), "Federal Water Pollution Control Act Amendments of 1972" that there is reasonable assurance as determined by the Department of Environmental Protection of the State of New Jersey that the proposed activity, as described above, will be conducted in a manner which will not violate applicable water quality standards of the State of New Jersey.

The foregoing applies only and exclusively to the effect the proposed work would have on water quality as defined in the regulations establishing certain classifications to be assigned to the waters of this State and standards of quality to be maintained in waters so classified.
