FOI/PA REQUEST

Case No.: 2010-0137

Date Rec'd: 2-17-10

Specialist: Raphael

Related Case: _____

Dear Mr. Morris:

This is a request under the Freedom of Information Act (5 U.S.C. 552). I request that a copy of the following documents be provided to me.

1. Reports of any and all air sampling studies and/or air quality testing of the air at the United States Army Yakima Firing Center/Yakima Training Center during the period of January 1, 1970 to the present regardless of whether the report was prepared by or at the request of the U.S. Army, another military or government entity/unit, or by a private contractor.
2. Documents containing any and all data and/or information used to compile, prepare, and/or generate any and all reports concerning air sampling studies and/or air quality testing of the air at the United States Army Yakima Firing Center/Yakima Training Center during the period of January 1, 1970 to the present regardless of whether the report was prepared by or at the request of the U.S. Army, another military or government entity/unit, or by a private contractor.
3. Reports of any and all soil studies and/or soil testing done on soil from the United States Army Yakima Firing Center/Yakima Training Center during the period of January 1, 1970 to the present that tested for the presence of uranium, depleted uranium, and/or any other heavy metal in the soil regardless of whether the report was prepared by or at the request of the U.S. Army, another military or government entity/unit, or by a private contractor.
4. Documents containing any and all data and/or information used to compile, prepare, and/or generate any reports concerning soil studies and/or soil testing done on soil from the United States Army Yakima Firing Center/Yakima Training Center during the period of January 1, 1970 to the present that tested for the presence of uranium, depleted uranium, and/or any other heavy metal regardless of whether the report was prepared by or at the request of the U.S. Army, another military or government entity/unit, or by a private contractor.
5. Reports of any and all water sampling studies and/or water testing of water used at the United States Army Yakima Firing Center/Yakima Training Center during the period of January 1, 1970 to the present regardless of whether the report was

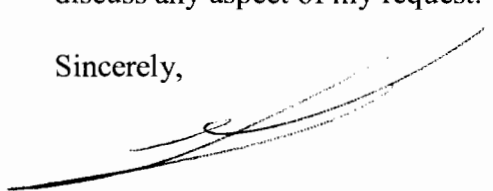

- prepared by or at the request of the U.S. Army, another military or government entity/unit, or by a private contractor.
6. Documents containing any and all data and/or information used to compile, prepare, or generate any and all reports concerning water sampling studies and/or water testing of water used at the United States Army Yakima Firing Center/Yakima Training Center during the period of January 1, 1970 to the present regardless of whether the report was prepared by or at the request of the U.S. Army, another military or government entity/unit, or by a private contractor.
 7. Reports of any and all studies and/or testing for the presence of uranium, depleted uranium, and/or any other heavy metal in any form at the United States Army Yakima Firing Center/Yakima Training Center during the period of January 1, 1970 to the present regardless of whether the report or study was prepared by or at the request of the U.S. Army, another military or government entity/unit, or by a private contractor.
 8. Documents containing any and all data and/or information used to compile, prepare, or generate any and all reports concerning any and all studies and/or testing for uranium, depleted uranium, and/or any other heavy metal in any form at the United States Army Yakima Firing Center/Yakima Training Center during the period of January 1, 1970 to the present regardless of whether the report was prepared by or at the request of the U.S. Army, another military or government entity/unit, or by a private contractor.
 9. Documents concerning the clean up, removal, and/or relocation of any and all soil, water and/or air from the United States Army Yakima Firing Center/Yakima Training Center containing uranium, depleted uranium, and/or any other heavy metal during the period January 1, 1970 to the present.
 10. Any and all documents and/or reports containing information regarding the amount of uranium, depleted uranium and/or any other heavy metal in the soil, air, and/or water at or used at the United States Army Yakima Firing Center/Yakima Training Center from January 1, 1970 to the present.
 11. Documents containing any information about the presence of uranium, depleted uranium and/or any other heavy metal in the soil, water, and/or air in or used at the United States Army Yakima Firing Center/ Yakima Training Center

In order to help you determine my status for the purpose of assessing fees, you should know that I am affiliated with a private business and am seeking information for the use in the company's business.

I am willing to pay fees for this request up to a maximum of \$50.00. If you estimate that the fees will exceed this limit, please inform me first. The documents may be provided in electronic format on a CD or via e-mail if that is less expensive than providing paper copies.

I have also included a telephone number at which I can be contacted if necessary to discuss any aspect of my request.

Sincerely,

Michael V. Connell
