Frank/Rick/Mitch: attached is what NRC considers to be the final MOU. We have incorporated comments from your solicitors, we have briefed our senior management, and we are ready to sign.

We will also be sending this more formally to Mitch via a transmittal letter from our office director

Consistent with our telecon on Friday, please let us know as soon as you can when BLM might be ready for a signing ceremony and who from BLM would attend.

We are also drafting a communications plan that we would like to get your input on in hopes that both agencies can use it. We will forward it shortly.

It has been a pleasure working with and getting to know all of you through this process. We are looking forward to continuing to work closely with you, the State, and the field offices during site specific reviews.
