SUBJECT: REVISION OF SCHEDULING OPERATOR EXAMINATIONS

TMI-1 requests a NRC exam date revision from 09/12/2011 to 08/29/2011; as well as reducing the number of exams being conducted to 4 Reactor Operators and 5 Senior Reactor Operators.

The initial date request was in the response to RIS 2009-11, "Preparation and Scheduling of Operator Licensing Examinations," submitted Aug 13, 2009, in which TMI-1 requested a 2011 exam for 10 Reactor Operators and 11 Senior Reactor Operators.

A discussion was held between Mr. Micheal Wyatt, TMI-1 Operator Training Manager, and Mr. David M. Silk, NRC Region I inspector, regarding these changes. Mr. Silk indicated that this would be acceptable.

If you have any further questions or comments, please contact Mr. Wyatt at (717) 948-2091.

Sincerely,

William Noll  
Vice President TMI, Unit 1
