That would be better for me too. I have a meeting Thursday p.m. now, but free Wed. afternoon. Joan

This week is really busy for me. I'd rather wait until after the holiday. at this point I don't see how waiting two more weeks to discuss implementation of the MOU will do harm

So far, the only meeting I have scheduled the week of the 18th is from 2-3 on the 20th. This week is getting booked, but I am free Thursday afternoon and all day Friday. Joan

Mitch/Rick/Frank,

NRC would like to meet (or telcon) with you to discuss plans for implementing the recently signed MOU. NRC has prepared its communications plan for implementing its portion. I realize that nothing will happen before the New Year, but can you give us an approximate time in the first two weeks of January? Thanks.

Rick - Sorry for the delay, but Colorado is an Agreement State so the NRC doen't have any involvement in licensing uranium milling activities there.
