April 4, 2011

**Wood Group Logging Services , Inc., Materials License Number 42-27706-01**

Dear Ms. Simmons

I am writing as a follow up to your conversation of March 30, 2011, with Felise Cooper, Esq., an attorney representing GE Energy Manufacturing, Inc., as the potential transferee of the above mentioned Materials License.

The ownership interest of the shares of the current licensee, Wood Group Logging Services, Inc. (**Licensee**), is anticipated to change as a result of a Stock Purchase Agreement dated February 13, 2011, between John Wood Group PLC (**Wood Group Parent**) and GE Energy Manufacturing, Inc. (**GE**), by which Wood Group Parent is selling, and GE is acquiring the Licensee as described in the attached form. The closing of this transaction is anticipated to take place approximately within two weeks.

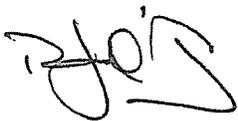

As described more fully in the enclosed Information Required for Change of Control and/or Change of Ownership form:

- (1) The anticipated transaction involves a change in the stock ownership of Licensee;
- (2) There are no anticipated changes in personnel or duties relating to the licensed program;
- (3) There are no anticipated changes in the organization, location, facilities, equipment or procedures relating to the licensed program;
- (4) There are no anticipated changes to the surveillance program of Licensee;
- (5) All relevant books and records will remain the property of Licensee; and
- (6) GE intends for Licensee to continue operations as currently authorized, without any material changes, and to adhere to all applicable constraints, conditions, requirements and commitments under the license and take appropriate measures to maintain compliance.

Licensee and GE appreciate your prompt response to this letter and kindly requests that you expedite your review of the enclosed materials, given the short timeline contemplated for completion of the Transaction.

We remain available for any additional information requests or questions that you may have and will be happy to meet with you to assist in the expeditious processing of this request.

Sincerely yours,

Ronnie Opry  
Vice President  
Wood Group Logging Services, Inc

**Re: Anticipated Change of Control of Licensee: Material License Number 42-27706-01**

Information Required for Change of Control and/or Change of Ownership  
(to include a name change)

Source: NUREG-1556, Volume 15

Please provide the following information concerning changes of control (transferor and/or transferee, as appropriate). If any items are not applicable, so state.

1. Provide a complete description of the transaction (i.e., transfer of stocks or assets, or merger). Indicate whether the name has changed and include the new name. Include the name and telephone number of a licensee contact who NRC may contact if more information is needed.

A. Description of the transaction:

*Response: The ultimate ownership interest of the shares of Wood Group Logging Services, Inc., the licensee (Licensee), is anticipated to change as a result of a Stock Purchase Agreement dated February 13, 2011, between John Wood Group PLC (Wood Group Parent) and GE Energy Manufacturing, Inc. (GE), by which GE is acquiring the Licensee through its purchase of 100% of the stock of Wood Group Logging Services Holdings, Inc of which Licensee is a wholly owned subsidiary (the Transaction). Please refer to the enclosed structure chart showing the proposed acquisition structure relevant to the licensed operations.*

*Under the terms of the Transaction, the name of Licensee will be changed within 60 days after the Transaction is completed. The new name has not yet been determined. GE will notify the Commission promptly when the new name has been determined.*

*The Licensee contact person who can provide additional information is: Ronnie Opry, RSO (tel: 281-647-5207).*

B.  No name change

New name of licensed organization: *Not yet determined*

C.  No change in contact (see additional contact information for GE below).

New contact: William V. Killoran

New telephone number: (203) 585-2115

2. Describe any changes in personnel or duties that relate to the licensed program. Include training and experience for new personnel.

*Response: GE does not anticipate any changes in the management personnel for the licensed program. Ronnie Opry will retain his responsibilities as Vice President after the Transaction is completed. He will also continue as the Radiation Safety Officer named in the license.*

A.  No changes in personnel having control over licensed activities.

Changes in personnel having control over licensed activities (e.g. officers of a corporation):

B.  No changes in personnel named in the license.

Changes in personnel named in the license (e.g. RSO, AUs) - include training, experience and responsibilities:

3. Describe, in detail, any changes in the organization, location, facilities, equipment or procedures that relate to the licensed program.

*Response: GE does not plan to have Licensee make changes in Licensee's organization, location, facilities, equipment or procedures that relate to the licensed program.*

Organization:

Equipment:

Location:

Procedures:

Facility:

Not applicable

4. Describe the status of the surveillance program (i.e., surveys, wipe tests, quality control) at the present time and the expected status at the time that control is to be transferred.

A. Description of the status of all surveillance program:

*Licensee's surveillance program is fully compliant at the present time and is expected to be fully compliant at the time that control is to be transferred.*

*Licensee anticipates no changes to its surveillance program(s) before completion of the Transaction, and GE does not plan to have Licensee make any changes to its surveillance program(s) following the Transaction.*

B. Surveillance Items & Records: calibrations, leak tests, surveys, inventories, and accountability requirements will be current at the time of transfer

Yes  No (explain)

5. Confirm that all records concerning the safe and effective decommissioning of the facility will be transferred to the transferee or to NRC, as appropriate. These records include documentation of surveys of ambient radiation levels and fixed and/or removable contamination, including methods and sensitivity.

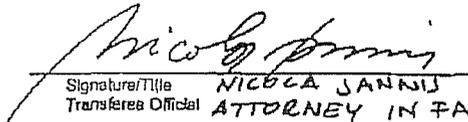

*Response: Because the Transaction involves the transfer of the interest in the stock of Licensee, all books and records related to the operation of Licensee and the licensed operations will remain the property of Licensee after the Transaction is complete. As a consequence, although there has been no decommissioning of facilities to date, if any decommissioning were to occur, all relevant books and records would be the property of Licensee.*

Records transferred to:

New licensee  NRC for license termination  Not applicable

6. Confirm that the transferee will abide by all constraints, conditions, requirements and commitments of the transferor or that the transferee will submit a complete description of the proposed licensed program.

GE Energy Manufacturing, Inc. will abide by all constraints, conditions,  
(transferee company)  
requirements and commitments of Wood Group Logging Services, Inc.  
(transferor company)
