<MSG>What are you, or is being done to ensure the safety of both environment and life in Nebraska? There are 2 reactors submerged by flood waters of the Missouri river. The main stream media is absolutely silent...WHY? In an era where the government is hardly held in high esteem, what on earth are you doing keeping secrets? We do not need reassuring platitudes but some truth would be nice at this point. I have a daughter in school down there. Time to stand up Sen. Kohl, please.</MSG>
