NARM Reconciliation Project

**(NOTE: This will be used as the
Documents Title in ADAMS)**

12/28/2011 (14:00) Ms. Arthur called to inform me that she had taken the place of Evelyn Gosnell and had some questions regarding reciprocity. I went over the process of how to request reciprocity, that reciprocity was for only the calendar year and how it had to be renewed each year, and which states and other areas were under NRC jurisdiction. I referred her to Sheryl Villar when she is ready to submit a reciprocity request and to the Fees Branch of NRC regarding the amount of any check to be made to the NRC. I noted that Connor had performed work in CT under the name of Mircon, Inc and requested information as to when that work had been performed. Ms. Arthur performed a cursory examination and stated that the last job appeared to be on August 7, 2008, and the registration with CT was renewed in 2009. She would examine the records in more detail and get back in touch with me.

1/2/2012 (08:15) Ms. Arthur left a message with the results of her review. There were no additional instances of use of the XRF in the State of CT beyond August 7, 2008, and the device was returned to the home office in MD soon thereafter.

1/3/2012 (10:00) I informed Ms. Arthur that no further information would be required and thanked her for the information.
