RE: First Update to Mandatory Disclosures Pursuant to 10 C.F.R. § 2.336; FirstEnergy Nuclear Operating Co., License Renewal for Davis-Besse Nuclear Power Station, Docket No. 50-346

Dear Counsel:

Pursuant to 10 C.F.R. § 2.336, the Board's Initial Scheduling Order dated June 15, 2011, and the Board's Order modifying the Initial Scheduling Order dated November 2, 2011, FirstEnergy Nuclear Operating Company (FENOC) is providing the enclosed disclosures for Intervenors' Contentions 1 and 4 as restated and admitted by the Board on April 26, 2011 (LBP-11-13).

FENOC's disclosures consist of the following:

- Enclosure 1 is reserved for the names, addresses, and telephone numbers of the persons upon whose opinion FENOC will base its positions on the contentions and upon whom FENOC may rely as witnesses, and a copy of the analyses and authorities upon which they base their opinions. FENOC has not yet identified witnesses for any hearing on the contentions, and will update Enclosure 1 when it has identified its witnesses.
- Enclosure 2 provides a description, by category and location, of the documents, data compilations, and tangible things in the possession, custody, or control of FENOC that may be relevant to the admitted contentions. Per the Scheduling Order and our agreement, these

disclosures do not include privileged documents, or publicly-available documents unless FirstEnergy expects to rely on them at hearing. If you determine that you would like a copy of any of these documents, please inform me of which documents you would like, and I will provide a copy to you.

- Enclosure 3 provides an index of documents, data compilations, or tangible things that may be relevant to the contentions but that contain proprietary information, Sensitive Unclassified Non-Safeguards Information (SUNSI), or otherwise protected information. Upon request, FENOC will provide a copy under the terms of a Protective Order issued by the Board.
- Enclosure 4 provides an index identifying changes to the indexes in Enclosures 2 and 3 of FENOC's Initial Disclosures, and the reasons for those changes.

In order to compile Enclosures 2 and 3, a search was conducted of documents in FENOC's possession, custody, or control. The attached affidavit attests that all relevant materials identified by this search that are required to be disclosed under the Scheduling Order have been disclosed.

When FENOC identifies additional relevant documents or the witnesses for any hearing on the contentions, FENOC will update these disclosures as required by the Board's Scheduling Order.

FENOC has been conservative in identifying documents for inclusion in Enclosures 2 and 3. By identifying documents in those Enclosures, FENOC does not necessarily concede that the documents are in fact relevant or material to the admitted contentions.

Sincerely,

*Signed electronically by Alex S. Polonsky*

In the Matter of )		
FIRSTENERGY NUCLEAR OPERATING COMPANY )		Docket No. 50-346-LR
(Davis-Besse Nuclear Power Station, Unit 1) )		

**AFFIDAVIT OF DAVID W. JENKINS**

1. My name is David W. Jenkins. I am Senior Corporate Counsel at FirstEnergy Service Company. Working with the FirstEnergy Nuclear Operating Company (FENOC) Project Manager of License Renewal, I have helped manage the collection of documents, data compilations, and tangible things to comply with the mandatory disclosure requirements in 10 C.F.R. § 2.336, the Atomic Safety and Licensing Board’s Initial Scheduling Order dated June 15, 2011 (“Scheduling Order”), and the Licensing Board’s Order Granting Motion for Modification of Initial Scheduling Order dated November 2, 2011 in this proceeding.
  
2. FENOC conducted a search of documents, data compilations, and tangible things in its possession, custody, and control for information relevant to the admitted contentions, and in the possession, custody, and control of its affiliated companies, as specified in 10 C.F.R. § 2.336(a). As provided in 10 C.F.R. § 2.336(c), this search encompassed information and documents reasonably available to FENOC and its affiliated companies, including:
  - a. Both electronic and paper documents;

- b. Corporate records, Davis-Besse license renewal project files, and documents in the possession and control of individuals who have worked on the Davis-Besse license renewal project or on matters potentially relevant to the admitted contentions; and
  - c. Documents, data compilations, and tangible things in the possession and control of AREVA, Inc. (“AREVA”), which assisted FENOC in preparing portions of the Davis-Besse Environmental Report.
3. Consistent with the Board’s Scheduling Order, Enclosure 2 to this Affidavit provides an index of relevant, non-privileged, non-protected documents, data compilations, and tangible things that were located as a result of this search.
  4. Consistent with the Board’s Scheduling Order, Enclosure 3 to this Affidavit provides the index of relevant documents, data compilations, and tangible things containing information that FENOC believes are proprietary to FENOC or its affiliated companies or third parties, or falls within the category of Sensitive Unclassified, Non-Safeguards Information (“SUNSI”).
  5. FENOC has been conservative in identifying documents for inclusion in the Enclosures. Accordingly, FENOC is not suggesting that just because a document is listed on the Enclosure that it is indeed relevant to one of the admitted contentions.
  6. These disclosures are reasonably accurate and complete as of November 30, 2011.

The statements made above are true to the best of my knowledge, information, and belief.

I declare under penalty of perjury that the foregoing is true and correct.
