Senator Harry Reid
528 Hart Building
Washington, D.C. 20510

Senator Reid:

Please stop Alabama's plan for building a new nuclear power plant in their state. I think I mentioned in correspondence to you not too long ago that Congress outlawed the building of any new nuclear power plants on American soil after the meltdown at 3 Mile Island, which happened during the Carter Administration. Sadly, some of our corporation thugs such as GE and Bechtel, didn't take the hint, deciding instead to just export their constructing or dangerous nuclear power plants into other countries.

I hope what Alabama is trying to do does not become a new trend in the United States of America: the literal scofflawing of federal laws enacted to protect our people and our land.

Sincerely,

JOHN M.G. MITCHELL
