Gentlemen:

Re: University of Arizona Nuclear-related Material Disposition

We are transferring material acquired through AEC grants and formerly used in our Nuclear Engineering curriculum.

AEC Grant No.	Acquisition Date	Material Description	Disposition
DNET-6-65	1965	168 pieces of 4"x4"x50" Grade AGOT "National" machined graphite	Split 50-50 between laboratories at the University's Physics Department and the Aerospace & Mechanical Engineering Department.
SUD-51	1961	1,396 cylindrical aluminum-clad slugs of "normal" uranium	Currently in dry, secured storage at the campus Radwaste Storage Facility awaiting acceptance by Oak Ridge National Lab's Central Scrap Material Office (CSMO). Form 741 to follow upon transfer.

Cordially,

Robert A. Offerle
Acting Director
