SUBJECT: SUMMARY OF A MEETING WITH NUCLEAR INNOVATION NORTH
AMERICA, LLC ON GENERAL FINANCIALS HELD IN ROCKVILLE,
MARYLAND ON DECEMBER 13, 2011

The U.S. Nuclear Regulatory Commission (NRC) held a meeting on December 13, 2011, with Nuclear Innovation North America, LLC (NINA) to discuss the draft requests for additional information (RAI) associated with the staff's review of NINA's General Financials Part 1 and Part 2, Tier 2, Chapter 1 of the South Texas Project Units 3 and 4 Combined License Application.

NRC and NINA made brief opening remarks and introductions. Shortly after the opening remarks, NINA requested that the meeting proceed in a closed session in order to discuss proprietary information. Since there were no members of the general public in attendance at this meeting, the staff agreed to continue the discussion in a closed session with the understanding that if a member of the public joined the meeting, the meeting would be reopened to the public and proprietary discussions would be saved until a later portion of the meeting. The NINA team provided a presentation on General Financials in which NINA presented their proposed responses to draft RAI 6167 (ML11353A483). Based on the discussion and in order to clarify the questions, the staff revised the wording in several of the questions in the draft RAI. The applicant also proposed three license conditions related to financial qualifications (ML113550163) which they will be including in the response to RAI 6167. Following the meeting, RAI 6167 was issued for NINA action (Question 01-24, ML113480129) on December 14, 2011.
