**Subject:** Re: Oral statements at the ASLB meeting at the Plantation Inn, Crystal River, Florida

I will be at the 1:00 to 4:00 PM meeting on Jan. 12, 2012 at the Plantation Inn, 9301 West Fort Island Trail Crystal River, FL.

On Thu, Jan 5, 2012 at 10:42 AM, Greg Wilson <[wilsailman@gmail.com](mailto:wilsailman@gmail.com)> wrote:  
Hello Matthew Flyntz and Sara Culler,

I wish to make a oral statement concerning the proposed construction of the two new Nuclear Power Plants in Levy County, Florida. The location of the two new nuclear power plants is on Florida Nature Coast, one of the last pristine areas left in Florida. The area is home to many endangered species of plants and animals and the two nuclear plants with the added growth of management and workers moving to the area will increase the stress of development to a valuable native habitat.

Thank You,  
Greg Wilson
