**SUMMARY**

SUBJECT: Request to add Rodney A. Samaan, M.D. to NRC License No. 13-26510-01 as an Authorized User (AU) for 10 CFR 35.200.

Informed Ms. Oakley that the information submitted to date was insufficient in satisfying the regulatory requirements for listing Dr. Samaan as an AU for 35.200. The licensee has been unable to obtain and submit an acceptable preceptor attestation nor documentation that the physician who signed the supporting statements was listed on a materials license as an Authorized User (AU).

In lieu of the supporting documentation submitted to date, the licensee stated that they would submit a new preceptor attestation for Dr. Samaan, signed by one of the Authorized Users currently named on the license. Ms. Oakley was provided with the hyperlink, via email, to Form 313A (AUD) at the NRC public website for their use.

Ms. Oakley committed to providing the completed Form 313A (AUD) to this office by facsimile no later than Friday, December 23, 2011.

At this time, we will await receipt of this information and resume our review at that time.
