

UNITED STATES
NUCLEAR REGULATORY COMMISSION
WASHINGTON, D.C. 20555-0001

January 10, 2012

MEMORANDUM TO: Douglas W. Weaver, Acting Director
Division of Spent Fuel Storage and Transportation
Office of Nuclear Material Safety
and Safeguards

Lawrence E. Kokajko, Director
Division of Spent Fuel Alternative Strategies
Office of Nuclear Material Safety
and Safeguards

FROM: Thomas Matula, Project Manager *Thomas Matula*
Division of Spent Fuel Alternative Strategies
Office of Nuclear Material Safety
and Safeguards

SUBJECT: LICENSING, INSPECTION, AND ENFORCEMENT PROGRAMS
REVIEW FOR STORAGE AND TRANSPORTATION – WORKING
GROUP REPORT

On December 14, 2010, an interoffice memorandum was delivered to you regarding the “Licensing, Inspection, and Enforcement Programs Review for Storage and Transportation – Working Group Report” (ML113350577). Two documents were enclosed in the memorandum:

- Enclosure 1, “Steering Committee Evaluation of Recommendations,” in which the steering committee responsible for overseeing the review provided its clarifications to the working group recommended improvements
- Enclosure 2, “Licensing, Inspection, and Enforcement Programs Review for Storage and Transportation – Working Group Report,” describing the working group’s review methodology, observations, and recommendations

In the memorandum the steering committee endorsed the working group’s recommendations for improvements to the storage and transportation inspection program, as clarified in Enclosure 1. If you concur with the steering committee’s endorsement and clarifications, please provide your signature below. Once your agreement is received, SFST staff will begin implementing the recommended improvements, as clarified by the steering committee.
