**To:** Cole, Barry L.  
**Subject:** Clarification on PCL Limits

Hello Barry

Below is a clarification of my letter dated December 19, 2011 [ML11347A3938] which responded to your letter 11-176, dated October 18, 2011.

In your letter you stated that B&W NOG concluded that type 4N fuel did not fall under the requirements for PCL controls in the Order dated February 15, 2000.

We agree with this statement that type 4N does not fall under the Order, and therefore B&W NOG will remain in compliance.

This email will be placed in ADAMS.

Regards

Nick Baker
