Subject: Administrative Amendment to license
(NOTE: This will be used as the Documents Title in ADAMS)

I called to inform Mr. Furman that due to a recent audit, we identified that their NRC license required maximum possession limits pursuant to NRC internal policy.

I asked him how many portable gauges he would be utilizing in NRC jurisdiction at any one time. He told me that if he did have work in NRC jurisdiction, 1 is the most he would utilize at any one time.

I told him we would set the maximum amount as follows:
A: americium-241 at 44 millicuries.

I thanked him for his time and ended the call.
