Dr. Gabriel/Ms. Weidner,

The attached address change notification is required per 10 CFR 35.14. Maintaining a mailing address for the former Walter Reed Army Medical Center license within the District of Columbia will assist the Fort Belvoir Community Hospital operating under former Walter Reed Army Medical Center license 08-01738-02 to continue ongoing decommissioning activities without interruption. Please reflect the use area in Condition 10 of the license as:

Licensed material may be used or stored only at the licensee's facilities located at Walter Reed Army Medical Center (WRAMC), Washington, D.C.; WRAMC Forest Glen Section and Annex Buildings 503, 513, and 516, Silver Spring, Maryland; Rickman Building, 13 Taft Court, Rockville, Maryland; and Fort Belvoir Community Hospital, 9300 DeWitt Loop, Fort Belvoir, Virginia

Your assistance is appreciated.

Feel free to contact me if you have questions or concerns.

Respectfully,

FRANCIS M. FOTA  
LTC, MS  
FBCH/NRMC/WRAMC Radiation Safety Officer

Thank you.

When can we expect to receive your letter? It may be necessary for us to list just the post office box on the license itself; however we can use the remaining information when addressing letters.

MS. Gabriel & Ms. Weidner

Happy Holidays and Happy New Year;

Ms. Gabriel, you are correct we will provide a letter requesting the change in mailing address for specific mail regarding our NRC License at WRAMC.

Within the last couple of days, I have been able to acquire a (Washington DC) mailing address that the (WRAMC) staff is using for official correspondence. This mailbox will be checked daily for all mail pertaining to WRAMC and provided to the appropriate personnel. The mailing address that can be utilized is the following;

The address is:

iAP World Services-WRAMC  
ATTN: Randy Treiber, Caretaker Office  
FOR: COL Taylor / LTC Francis Fota, Radiation Safety Officer PO Box  
55413 Washington, DC  
20040

COL Taylor:

Do you have any follow-up information? My understanding is that Tara Weidner asked LTC Fota and/or you to provide a letter requesting the change in mailing address. We would like to issue the amendment this week. Please provide a status report.

Thank you,

Ms. Weidner;

Thank you for your recent communication with me concerning the Decommissioning of Walter Reed Army Medical Center (WRAMC). Both Lieutenant Colonel Fota and myself are collectively working this project so if you ever desire any updates please do not hesitate to contact us.

In addition I should be able to provide you with a Mailing Address for WRAMC in Washington D.C., to alleviate the NRC administrative concern about receipt of mail.

Thanking you in advance for your support..
