RE: Additional Information for Control #576488

Dear Ms. Simmons:

We have enclosed the additional information (Section 3) of the preceptor forms for Dr.'s Carter and Schwaderer. These have been signed by Dr. Helena Balon, M.D.

We have enclosed a list of authorized users from William Beaumont Hospital stating Dr. Balon, M.D. is certified for 35.100, 200 and 300 use.

We are asking for 35.100 and 35.200 use for Dr. Moyer.

We also would like to change the name of our institution at this time. Currently our name is **Lapeer Regional Medical Center**. We would like to change this to **McLaren Lapeer Region**. Our address and tax id remain the same. There is no change in ownership.

Thank you for your assistance in this manner. If you have any questions or require additional information, please contact our physics consultant, Laura Luna at 734-662-3197.

Sincerely,

Thomas Mee
Executive Management
Lapeer Regional Medical Center

NRC FORM 313A (AUT)
(3-2009)

U.S. NUCLEAR REGULATORY COMMISSION

AUTHORIZED USER TRAINING AND EXPERIENCE AND PRECEPTOR ATTESTATION (continued)

Preceptor Attestation (continued)

First Section (continued)

For 35.392 (Identical Attestation Statement Regardless of Training and Experience Pathway):

I attest that _____ has satisfactorily completed the 80 hours of classroom
Name of Proposed Authorized User

and laboratory training, as required by 10 CFR 35.392(c)(1), and the supervised work and clinical case experience required in 35.392(c)(2).

For 35.394 (Identical Attestation Statement Regardless of Training and Experience Pathway):

I attest that _____ has satisfactorily completed the 80 hours of classroom
Name of Proposed Authorized User

and laboratory training, as required by 10 CFR 35.394 (c)(1), and the supervised work and clinical case experience required in 35.394(c)(2).

Second Section

I attest that Adam R. Schwaderer, DO has satisfactorily completed the required clinical case
Name of Proposed Authorized User

experience required in 35.390(b)(1)(ii)G listed below:

- Oral NaI-131 requiring a written directive in quantities less than or equal to 1.22 gigabecquerels (33 millicuries)
- Oral NaI-131 in quantities greater than 1.22 gigabecquerels (33 millicuries)
- Parenteral administration of beta-emitter, or photon-emitting radionuclide with a photon energy less than 150 keV requiring a written directive is required
- Parenteral administration of any other radionuclide requiring a written directive

Third Section

I attest that Adam R. Schwaderer, DO has satisfactorily achieved a level of competency to
Name of Proposed Authorized User

function independently as an authorized user for:

- Oral NaI-131 requiring a written directive in quantities less than or equal to 1.22 gigabecquerels (33 millicuries)
- Oral NaI-131 in quantities greater than 1.22 gigabecquerels (33 millicuries)
- Parenteral administration of beta-emitter, or photon-emitting radionuclide with a photon energy less than 150 keV requiring a written directive is required
- Parenteral administration of any other radionuclide requiring a written directive
