Dear Ms. Diggs:

DOCKET NOS. 50-266 AND 50-301
LICENSE AMENDMENT FEES
POINT BEACH NUCLEAR PLANT, UNITS 1 AND 2

We have reviewed your letter dated August 1, 1985 regarding license amendment review and application fees for our Point Beach Nuclear Plant. Regarding the Class III fees requested for license amendment Nos. 91 and 95, we had assumed that deletion of the snubber table from our technical specifications in accordance with the option provided in NRC Generic Letter 84-13 would be viewed as an administrative change. We note, however, that the Federal Register notice of this proposed change did not evaluate this change as strictly administrative; therefore, we are providing herewith our check for payment of this Class III fee. Also included in that check is the \$150.00 application fee for our exemption request dated June 20, 1985.

Very truly yours,

Vice President-Nuclear Power

C. W. Fay
