Mike,

The following is our input for the Westinghouse Columbia Fuel Fabrication Facility Site Emergency Plan change, please review, approve and forward to Robert Johnson and Chris Ryder.

The Operating Reactor Licensing and Outreach Branch has completed our review of the Westinghouse Columbia Fuel Fabrication Facility Site Emergency Plan, Revision 15, dated September 24th, 2011. We have determined that the changes were properly submitted in accordance with 10 CFR 70.32(i) and find the changes to the emergency plan are acceptable.
