Dear Mr. DeLaBarre:

Enclosed is an application, dated February 4, 2012, received by the U.S. Nuclear Regulatory Commission from Global Nuclear Fuel – Americas, L.L.C., requesting Amendment No. 04 to its existing license, XSOU8728/03. The purpose of the amendment (XSOU8728/04) is to extend the expiration date from March 31, 2012 to March 31, 2017.

Since no substantive changes to the terms and conditions of the existing license are requested, our office is processing this as minor amendment. Therefore, the NRC intends to issue the license after the required 30-day review period.

Sincerely,

A handwritten signature in blue ink that reads "Brooke G. Smith".
