Coley,

The phone in that conference room can only dial out to one line. We will need to disconnect the public line (rather than just going on mute) and then call your alternate line for the closed portions. We would need to establish a time to conclude that portion (which we have set right now at 10:00) so that we can have the public sign back on for the open portions of the FOCD discussion.

Stacy

Stacy,

We anticipate there may be a need for caller participation in proprietary discussions -- would STP be able to establish a separate line if needed?

Regards,
Coley Chappell
