Region III-Division of Nuclear Materials Safety  
2443 Warrenville Rd. Suite 210  
Lisle, IL 60532-4352

RE: NRC License Amendment Application

To Whom It May Concern:

The Muskegon County Road Commission has appointed Mark Timmer as its Radiation Safety Officer pending completion of required training to be taken online at his earliest convenience. All nuclear density gauges shall remain in storage until Mr. Timmer has completed training.

The Muskegon County Road Commission is no longer in possession of a survey meter. In the event that an incident occurs requiring a survey meter our procedure will be to call Central Dispatch (911) which will in turn dispatch the Hazardous Materials Unit of the Muskegon County Emergency Services Department to deploy a survey meter to the location of the incident.

Sincerely;

A handwritten signature in black ink, appearing to read "Paul J. Privacky", is written over a large, stylized "P" that serves as a background for the signature.

Paul J. Privacky, P.S.  
County Highway Surveyor
