Correction to Diablo Canyon Power Plant Licensing Basis Verification Project Letter
Number

Reference: 1. PG&E Letter DCL-12-003, "Diablo Canyon Licensing Basis
Verification Project," dated January 5, 2012, (Adams Accession
Number ML120060165)

Dear Commissioners and Staff:

By letter dated January 5, 2012, (Reference 1), Pacific Gas and Electric Company (PG&E) extended and clarified the completion date of the Licensing Basis Verification Project. After submitting the letter, an incorrect letter number was identified on page 2 of the submittal. This letter is to clarify that on page 2 of PG&E Letter DCL-12-003 (Reference 1) the letter number in the upper right hand corner which reads "DCL-11-140" should be consistent with page 1 and read "DCL-12-003".

PG&E makes no regulatory commitments (as defined by NEI 99-04) in this letter.

Questions concerning this letter should be directed to Mr. Eric P. Nelson at (805) 545-4777.

Sincerely,

James R. Becker
