Dear Mr. Rathbun:

I would like to know if there are any files at your agency regarding any toxic, environmental or radioactive problems which developed in Duncan, Oklahoma, or with the Haliburton Oil Company, since 1972.

If you have such files, could you please tell me: which of these files, if any, would be available to a member of the public under the Freedom of Information Act; and, if there are such files, what the numbers and dates for those files might be.

I am aware that this is a fairly broad request, and I appreciate your indulgence in this matter. Thank you very much for your assistance.

With kind regards,

Sincerely,

TIM HUTCHINSON
Member of Congress
