(NOTE: This will be used as the Documents Title in ADAMS)

9/13/2012 (08:45) I left a message on Mr. Mastisciano's voice-mail for him to return my call about the information about the inspection submitted to the NRC. 9/13/2012 (10:00) Mr. Mastisciano and Mr. Baratta were on speakerphone when they returned my call. I informed them that based on the information provided management decided to reissue the Form 591 from the Region I office as a clear inspection. The audits, though not labeled as annual radiation safety reviews, reviewed all the areas of concern in the radiation safety program and were conducted during Calendar Year 2011. I requested that the NRC Form 591 and any copies issued on August 27, 2012, be gathered and sent to Region I so they could be appropriately destroyed. The licensee indicated that they would comply with the request. I thanked the licensee for their cooperation in this matter.

Action Required: Reissue a clear 591 from the RI Office.**Document Availability:** **Publicly Available** **Non-Publicly Available**
